Nicholas J. Perry

Software Developer

Indianapolis, IN | 615-414-3464 | nicholasjperry1@gmail.com
www.github.com/nicholasjperry in www.linkedin.com/in/nicholas-j-perry

A hard-working individual with an unmatched ability to solve problems, both cooperatively and individually. I am seeking a position where I can illuminate these assets by virtue of synthesizing and deploying practical, user-friendly, and efficient software applications.

PROJECTS

06/21/2021 - 07/05/2021

Calculator App
Utilized knowledge of React hooks and the math.js library to design and achieve a calculator web app that performs a series of basic arithmetic.

02/2021 - ONGOING

Portfolio Website
Constructing using Next.js, Styled Components, Cloudinary ,and Strapi (Node.js headless CMS) with the modus operandi of showcasing my achievements thus far as a software developer.

05/2020 - 07/2020

Homeschool Herpetology
Implemented Bootstrap with a pinch of jQuery to develop a herpetology enthusiast's business website (frontend only), in which the user/client can view the featured reptiles and subsequently book a local party/showing.

SKILLS

FRONTEND

React, React-Native, Bootstrap, jQuery, Redux (exposure)

BACKEND

Node, PostgreSQL (exposure), MongoDB & Express (exposure)

LANGUAGES

JavaScript, HTML, CSS

PROJECT MANAGEMENT/DESIGN TOOLS

Jira, Git, GitHub, Slack, Moqups, Figma

ACHIEVEMENTS/ ACTIVITIES

- Mintbean Hackathon 2/5/2021-2/11/2021 - created a coding playground web app in React with two other developers in which the user is able to solve problems while simultaneously learning the fundamentals of the JavaScript programming language.
- The "Daisy" Pin - nominated to me by a colleague who found me resourceful and enjoyable to be around on the unit in which we worked.
- "Guardian Angel" Pin - awarded to me on behalf of a patient whose life was positively affected by the caregiver of their choice.
- "Leading By Example" Pin - received this as a result of precepting, and thereby, leading and teaching a plethora of new grads.

CURRENT WORK EXPERIENCE

07/2018 - 03/2022

Team Lead - Registered Nurse
Ascension St. Thomas West Hospital

Administer patient care of the highest degree in which I address and prioritize all aspects of the human condition, while simultaneously leading my colleagues in fostering a positive work environment.
